

Beginner French Course – Learn French Online

Our Beginner French Course is designed for students who want to learn French online from scratch. This course helps learners build a strong foundation in pronunciation, vocabulary, grammar, and speaking confidence through practical lessons and daily practice.

What You Will Learn in This Course

Alphabet & Pronunciation Basics

Learn the French alphabet, sounds, and pronunciation patterns. This helps you read and pronounce French words correctly from the beginning.

Daily Sentence Practice

Practice simple daily sentences used in greetings, introductions, and everyday conversations so you can start speaking French naturally.

Easy Grammar Foundation

Understand the most important grammar basics including gender, verbs, sentence structure, and commonly used grammar rules.

Vocabulary Building

Expand your vocabulary with commonly used French words and expressions that are essential for everyday communication.

Listening & Speaking Exercises

Improve listening skills and speaking confidence with guided audio practice, repetition exercises, and conversation activities.
